## LET THE SHARED STORY CONTINUE!

TELLING STORIES:

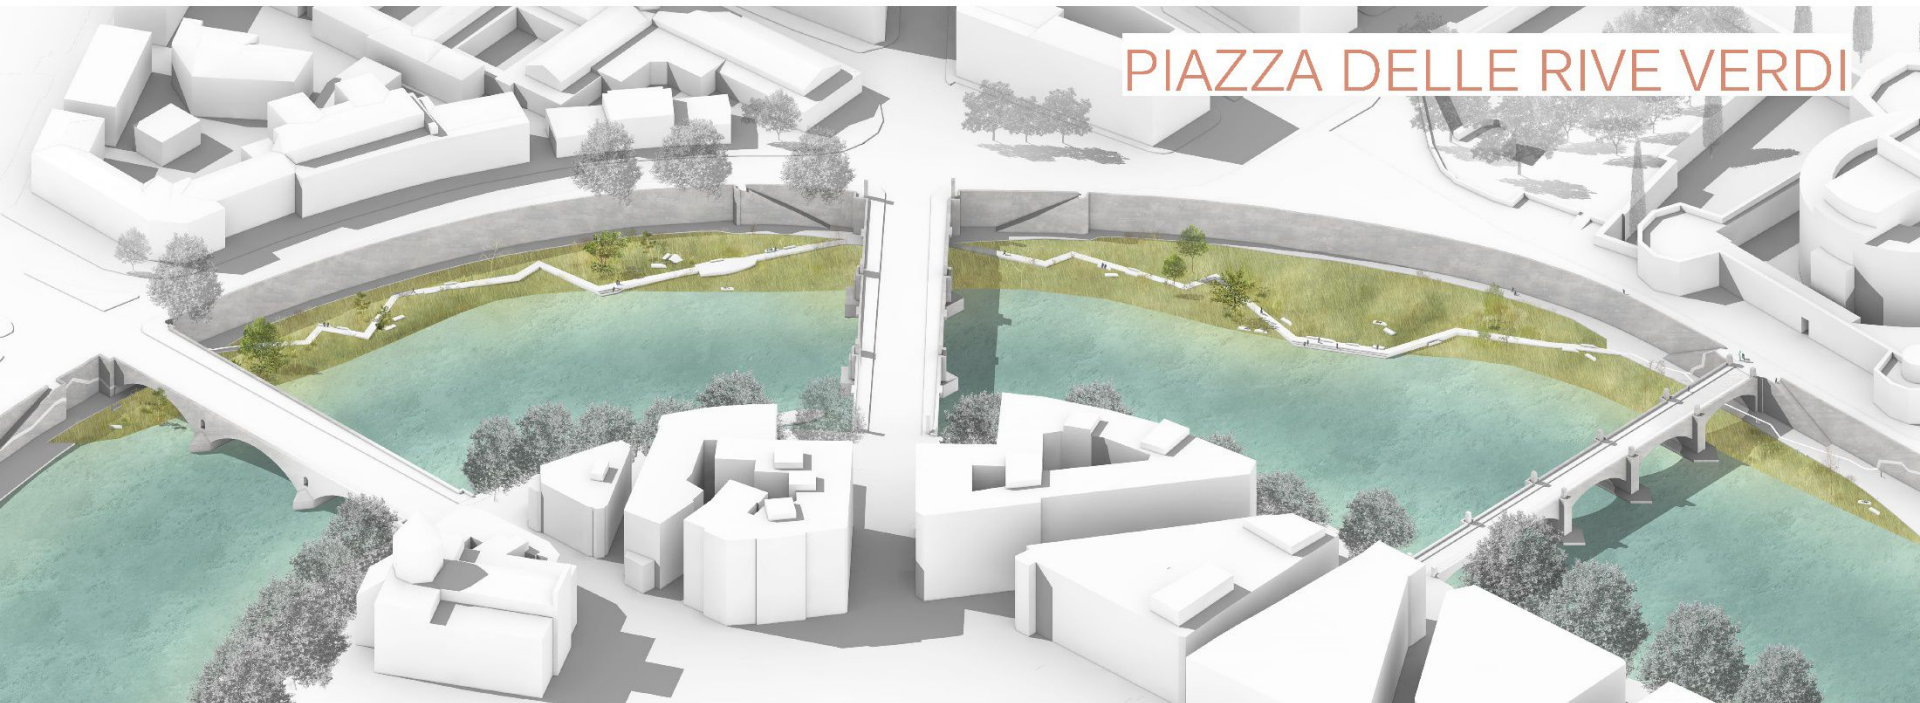

**PONTE SANT'ANGELO**  
172 pilgrims died at the allegedly most beautiful bridge of the whole antique world.

**REMNANTS OF PONTE NERONIANO**  
Legend has it that emperor Nero built this bridge during his reign (54 - 68 AD).

TIBER QUALITY:

Find a quiet and calming atmosphere.  
Take your time and recharge your energy to find peace and inspiration.

## TELLING STORIES:

Piazza Tevere already is a place of stories. The large masterpiece by William Kentridge „Triumphs and Laments“ graces 500 metres of the western Tiber wall.

## TIBER QUALITY:

Why are all gyms so far away or expensive? Visit the Tiber, where you can find free outdoor exercise devices as well as running tracks to challenge and compare yourself with friends.

## TELLING STORIES:

Tiber Island has always been a place of healing. Apart from the hospital, it was the place of the Temple of Asclepius and his white snake, who saved the Romans from the plague. Another myth teaches the island being made out of wheat, thrown into the Tiber.

### THE WALLS CRACK

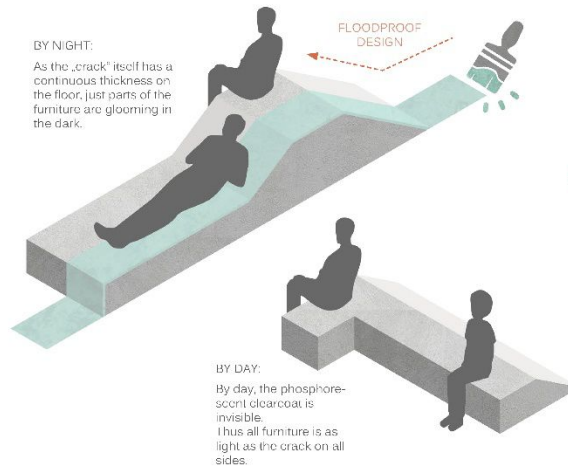

- BY NIGHT:
- Sealing of the washing with a phosphorescent clearcoat
  - No mobility needed
  - Protection from new algae growth

THE „CRACK“ IN THE TIBER WALLS = FIRST INTERVENTION

Use of the technique of Piazza Tevere  
 (to avoid any further part and edges growth on the river walls to expose the lighter rock)
